The Dignity Health Network

With the largest physician network in Santa Cruz County, Dignity Health delivers access through **Dignity Health Medical Group – Dominican**, which is part of the broader **Dignity Health Medical Network – Santa Cruz** (DHMN – Santa Cruz) that includes hundreds of affiliated independent physicians and specialists.

Our doctors are here to care for patients through every stage of life. By choosing a Dignity Health primary care physician (PCP), patients have access to:

Timely care—Our primary care physicians and pediatric providers offer same-day appointments.*

*Subject to availability.

Virtual visits—safe and convenient appointments with primary and specialty care physicians without leaving the comfort of home.

My Portal by Dignity Health—Dignity Health’s online patient app makes it easier than ever to securely communicate with health care providers and access or update important personal information.

With My Portal, users can:

- Choose a physician
- Schedule and view appointments
- Pay medical bills
- Review lab results
- Communicate with the physician team
- Manage health records
- And much more

Dominican Hospital

And when patients need the support of acute care services, they can rest assured they have access to a nationally recognized, state-of-the-art medical facility right in the place they call home.

Welcoming Our New Patients

To ensure new members are fully set up in our care network, we offer a “Welcome to Dignity Health” virtual onboarding appointment. During this virtual session, we assist members in completing their health profile, address any questions regarding our services, help set up their patient portal and schedule a new patient visit appointment with their primary care physician.

Integrating Wellness Into Our Community

We recognize the strong relationship between our lifestyle habits and our health. The Dignity Health Wellness Center of Dominican Hospital offers a wide range of health, wellness and rehabilitation classes, both in-person and virtual, for people of all ages and abilities. We are staffed with a team of highly skilled clinical specialists – exercise physiologists, registered dietitians, registered nurses and respiratory therapists.

As an additional benefit to our patients, we have taken the step to integrate referrals to the Wellness Center into electronic medical health record. This allows physicians and other primary care providers to have a direct link with Wellness Center staff, allowing for immediate communication regarding programs, individual progress and outcomes.

The programs we offer at the Dignity Health Wellness Center include:

- Health, wellness and post-rehabilitation programs
- Prenatal and postpartum care program
- Virtual-live and in-person classes
- Childbirth and parenting classes
- Access to clinical exercise physiologists, registered dietitians, registered nurses, respiratory therapists, physical and occupational therapists
- Risk assessment and screening programs
- Free health fairs
