

California Hospital Medical Center Financial Assistance Application Form Instructions

This is an application for financial assistance at a *CommonSpirit Health* facility.

CommonSpirit Health provides financial assistance to people and families who meet certain income requirements. You may qualify for free care or discounted care based on your family size and income, even if you have health insurance. Assistance is provided for those patients whose family income is lower than 500% of the Federal Poverty Level Guidelines. Information on the Federal Poverty Level Guidelines can be found at <http://aspe.hhs.gov/poverty-guidelines>.

What does financial assistance cover? The hospital financial assistance covers appropriate hospital- based services provided by CommonSpirit Health depending upon your eligibility. Financial assistance may not cover all health care costs, including services provided by other organizations. For patients applying only for discount payment or Charity Care, the hospital may only request recent paystubs or income tax returns for documentation of income. Patients that only apply for discount payment may receive less financial assistance than what may be available to them under the charity care program.

A Patient awarded charity care shall receive a 100% discount on amounts owed. A patient awarded discounted care shall receive a reduction to their amount owed. You as the patient do not need to indicate which program you are applying for. CommonSpirit Health will award you the highest discount you qualify for.
