

St. Joseph's Behavioral Health Center

Community Benefit 2024 Report and 2025 Plan

Adopted October 2024

A message from

Paul Rains, President of St. Joseph's Behavioral Health Center and Debra Cunningham, Chair Port City Operating Company, LLC Board of Managers.

Dignity Health's approach to community health improvement aims to address significant health needs identified in the Community Health Needs Assessments that we conduct with community input, including from the local public health department. Our initiatives to deliver community benefit include financial assistance for those unable to afford medically necessary care, a range of prevention and health improvement programs conducted by the hospital and with community partners, and investing in efforts that address social drivers of health.

St. Joseph's Behavioral Health Center shares a commitment with others to improve the health of our community and promote health equity, and delivers programs and services to help achieve that goal. The Community Benefit 2024 Report and 2025 Plan describes much of this work. This report meets requirements in California (Senate Bill 697) that not-for-profit hospitals produce an annual community benefit report and plan. We are proud of the outstanding programs, services and other community benefits our hospital delivers, and are pleased to report to our community.

In fiscal year 2024 (FY24), St. Joseph's Behavioral Health Center provided \$2,110,982 in patient financial assistance, unreimbursed costs of Medicaid, community health improvement services and other community benefits. The hospital did not incur unreimbursed costs of caring for patients covered by Medicare fee-for-service.

The hospital's Community Board reviewed, approved and adopted the Community Benefit 2024 Report and 2025 Plan at its October 31, 2024 meeting.

Thank you for taking the time to review our report and plan. We welcome any questions or ideas for collaborating that you may have, by reaching out to Tammy Shaff, Director of Community Health, at Tammy.Shaff@CommonSpirit.org.

<p>Community Served</p> 	<p>St. Joseph’s Behavioral Health Center lies in one of the fastest growing counties in California, containing both rural and urban areas, with individual cities separated by agriculture and open space lands. The county is celebrated for its diverse communities of Latinos and African Americans as well as Asian immigrants; but there is also a big gap in health outcomes between ethnic groups. It is a county of contrasts, holding on one-hand growth opportunities and a variety of assets and resources to support health, and on the other hand significant challenges in terms of economic security and health disparities.</p>			
<p>Economic Value of Community Benefit</p> 	<p>\$2,110,982 in patient financial assistance, unreimbursed costs of Medicaid, community health improvement services, community grants and other community benefits</p> <p>No unreimbursed costs of caring for patients covered by Medicare fee-for-service</p> <p>The hospital’s net community benefit expenses for services to vulnerable populations and to the broader community are listed by category in the Economic Value of Community Benefit section of this report.</p>			
<p>Significant Community Health Needs Being Addressed</p> 	<p>The significant community health needs the hospital is helping to address and that form the basis of this document were identified in the hospital’s most recent Community Health Needs Assessment (CHNA). Needs being addressed by strategies and programs are:</p> <table border="1" data-bbox="410 1444 1412 1612"> <tr> <td data-bbox="410 1444 846 1612"> <ul style="list-style-type: none"> • Mental Health/Behavioral Health Including Substance Use </td> <td data-bbox="854 1444 1412 1612"> <ul style="list-style-type: none"> • Access to Care • Family and Social Support </td> </tr> </table>		<ul style="list-style-type: none"> • Mental Health/Behavioral Health Including Substance Use 	<ul style="list-style-type: none"> • Access to Care • Family and Social Support
<ul style="list-style-type: none"> • Mental Health/Behavioral Health Including Substance Use 	<ul style="list-style-type: none"> • Access to Care • Family and Social Support 			
<p>FY24 Programs and Services</p> 	<p>The hospital delivered several programs and services to help address identified significant community health needs. These included:</p> <ul style="list-style-type: none"> • Behavioral Evaluation Services, which provides free evaluation to individuals with behavioral health concerns. • Community Support Groups and Aftercare Services, which provide free support programs to individuals living with life-affecting substance or 			

	<p>continuing behavior health issues. Additionally, meeting space is made available to community groups to gather and provide community services at no cost, ultimately supporting mental and social emotional wellbeing.</p> <ul style="list-style-type: none"> • Through a formal process, grants are administered annually to non-profit organizations that best demonstrate their ability to affect community health needs as they pertain to Mental Health.
<p>FY25 Planned Programs and Services</p> 	<p>SJBHC will continue to expand access to mental health services by providing no cost Behavioral Evaluations, and transportation assistance for individuals in need who are receiving treatment services with SJBHC’s outpatient therapy Groups, Support Groups and Aftercare Support Programs in FY24.</p>

Written comments on this report can be submitted to St. Joseph’s Behavioral Health Center Medical, Administration, 1800 North California Street, Stockton, CA 95204 or by e-mail to Tammy.Shaff@CommonSpirit.org.

Our Hospital and the Community Served

About St. Joseph's Behavioral Health Center

St. Joseph's Behavioral Health Center is a member of Dignity Health, which is a part of CommonSpirit Health.

Established services in 1974 as a patient care unit at St. Joseph's Medical Center (SJMC) in Stockton. In 1988, the program expanded operations to the current location, 2510 North California Street. SJBHC is a 35 bed licensed not-for-profit psychiatric hospital serving Central California, with 154 employees and 18 medical staff. Inpatient and partial hospitalization services are provided to adults, 18 years and older.

Outpatient services are provided for adults, adolescents and children older than 5 years.

Our Mission

As CommonSpirit Health, we make the healing presence of God known in our world by improving the health of the people we serve, especially those who are vulnerable, while we advance social justice for all.

Our Vision

A healthier future for all – inspired by faith, driven by innovation, and powered by our humanity.

Financial Assistance for Medically Necessary Care

It is the policy of CommonSpirit Health to provide, without discrimination, emergency medical care and medically necessary care in CommonSpirit hospital facilities to all patients, without regard to a patient's financial ability to pay. This hospital has a financial assistance policy that describes the assistance provided to patients for whom it would be a financial hardship to fully pay the expected out-of-pocket expenses for such care, and who meet the eligibility criteria for such assistance. The financial assistance policy, a plain language summary and related materials are available in multiple languages on the hospital's website.

Description of the Community Served

San Joaquin County is one of California's fastest growing counties; it includes seven cities, many small towns, and a number of rural farm and ranching communities. The county residents are diverse, including Latino, African American, Caucasian, and Asian/Pacific Islander populations. San Joaquin is a county of contrasts, holding in one-hand growth opportunities and a variety of assets and resources to support

health, and on the other hand significant challenges in terms of economic security, health and health disparities.

Behavioral Health Center serves Stockton as its primary service area and San Joaquin County as the hospital’s secondary service area. A summary description of the community is below, and additional community facts and details can be found in the CHNA report online.

- The service area of St. Joseph’s Behavioral Health Center Medical Center, San Joaquin County, lies in the midst of one of the most successful agricultural areas of the world. The county is celebrated for its diverse communities of Latinos and African Americans as well as Asian immigrants; but there is also a big gap in health outcomes between ethnic groups. Some parts of the county have robust commuter neighborhoods with linkage to jobs in nearby counties, while other areas struggle with some of the highest homicide rates in the nation. There are some unique challenges such as access to care for the large undocumented immigrant population, the great need for substance use disorder treatment, and the high rates of asthma in the Central Valley.
- San Joaquin County also struggles with nationwide health issues such as rising obesity, poor oral health, and high rates of mental illness; but these issues are compounded by underlying social determinants of health including education, economic security and affordable housing. It is a county of contrasts, holding in one-hand enormous challenges and in the other hand exciting new opportunities. In the County Health Rankings report, San Joaquin County ranks as 41 out of 57 counties on overall health outcomes. On average, San Joaquin residents rate their health as poorer than the state overall, and there are notable disparities in health status between the county and the state. Some key statistics for the area are in the table below.

St. Joseph’s Behavioral Health Center Service Area Demographics (based on ZIP codes of residence for the top 75% of patient visits)

2022 CHNA zip codes	FY23
Total Population	799,267
Race	
Asian/Pacific Islander	18.6%
Black/African American - Non-Hispanic	7.0%
Hispanic or Latino	43.5%
White Non-Hispanic	24.8%
All Others	6.2%
% Below Poverty (families)	10.5%
Unemployment	6.2%
No High School Diploma	20.1%
Medicaid	33.4%
Uninsured	5.8%

Community Assessment and Significant Needs

The hospital engages in multiple activities to conduct its community health improvement planning process. These include, but are not limited to, conducting a Community Health Needs Assessment with community input at least every three years, identifying collaborating community stakeholder organizations, describing anticipated impacts of program activities and measuring program indicators.

Community Health Needs Assessment

The health issues that form the basis of the hospital's community benefit plan and programs were identified in the most recent CHNA report, which was adopted in May 2022.

<https://www.dignityhealth.org/central-california/locations/stjosephs-stockton/about-us/community-programs/community-health-needs-assessment> or upon request at the hospital's Community Health office.

The CHNA contains several key elements, including:

- Description of the assessed community served by the hospital;
- Description of assessment processes and methods;
- Presentation of data, information and findings, including significant community health needs;
- Community resources potentially available to help address identified needs; and
- Discussion of impacts of actions taken by the hospital since the preceding CHNA.

Community Groups that Attended or Engaged in the CHNA:

- El Concilio Council for the Spanish Speaking
- Community Medical Centers, Inc
- San Joaquin County Continuum of Care
- First 5 of San Joaquin
- San Joaquin Pride Center
- Sow A Seed Community Foundation
- Family Resource and Referral Center
- San Joaquin County Department of Aging and Community Services
- San Joaquin County Behavioral Health Services
- San Joaquin County Public Health Services
- Tracy Boys and Girls Club
- San Joaquin Child Abuse Prevention Council
- Child Abuse Prevention Council and Women's Center-Youth & Family Services
- The Echo Chamber
- Health Plan of San Joaquin (HPSJ)
- Little Manila Rising
- Mary Magdalene Community Services
- San Joaquin County PHS Black Infant Health Program
- Tracy Family Resource Center

Vulnerable Populations Represented by These Groups:

- Black/African American
- American Indian
- Alaska Native
- Asian Indian
- Cambodian

- Chinese
- Filipino
- Hmong
- Japanese
- Korean
- Laotian
- Vietnamese
- Native Hawaiian
- Guamanian or Chamorro
- Hispanic/Latino origin, including Mexicans, Mexican Americans, Chicanos, Salvadorans, Guatemalans, Cubans, and Puerto Ricans
- Socially disadvantaged groups, including the following:
 - The unhoused
 - Communities with inadequate access to clean air and safe drinking water, as defined by an environmental California Healthy Places Index score of 50% or lower
 - People with disabilities
 - People identifying as lesbian, gay, bisexual, transgender, or queer
 - Individuals with limited English proficiency

Significant Health Needs

The CHNA identified the significant needs in the table below, which also indicates which needs the hospital intends to address. Identified needs may include specific health conditions, behaviors and health care services, and also health-related social needs that have an impact on health and well-being.

Significant Health Need	Description	Intend to Address?
Mental Health	Mental health affects physical wellbeing, job performance, and community activities.	Y
Access to Care	Quality healthcare is important for health and is essential for maintaining a higher quality of life.	Y
Income and Employment	Barriers such as low income, high unemployment, and pervasive poverty can exacerbate poor health outcomes.	N
Housing	Stable, affordable housing is strongly associated with health, well-being, educational achievement, and economic success.	N
Chronic Disease/Healthy Eating and Living (HEAL)	Those who have limited access to healthy foods have a higher risk of developing a chronic disease, such as obesity and heart disease. Along with a healthy diet, physical activity is key to preventing and reducing complications from chronic diseases.	N
Community Safety	Safe communities promote community cohesion and economic development, and provide more opportunities to be active and improve mental health while reducing untimely deaths and serious injuries.	N

Significant Health Need	Description	Intend to Address?
Family and Social Support	The presence or absence of a strong social support network affects all aspects of life, including physical and mental wellbeing.	Y
Education	The link between education and health is well known – those with higher levels of education are more likely to be healthier and live longer.	N
Transportation	Without reliable and safe transportation, individuals struggle to meet basic needs such as earning an income, accessing health care, and securing food.	N

Significant Needs the Hospital Does Not Intend to Address

As a hospital exclusively delivering behavioral health services, needs identified in the broader CHNA beyond mental health, access to care, and family support, are not ones that the hospital is able to address. St. Joseph’s Medical Center, other hospitals, and community service organizations in the region are addressing these needs.

Additional detail about the needs assessment process and findings can be found in the CHNA report, which is publicly available at, www.healthiersanjoaquin.org or upon request at the hospital’s Community Health office.

2024 Report and 2025 Plan

This section presents strategies and program activities the hospital is delivering, funding or on which it is collaborating with others to address significant community health needs. It summarizes actions taken in FY24 and planned activities for FY25, with statements on impacts and community collaboration. Program Highlights provide additional detail on select programs.

Planned activities are consistent with current significant needs and the hospital’s mission and capabilities. The hospital may amend the plan as circumstances warrant, such as changes in community needs or resources to address them.

Creating the Community Benefit Plan

The hospital is dedicated to improving community health and delivering community benefit with the engagement of its management team, board, clinicians and staff, and in collaboration with community partners.

Hospital and health system participants included community health department leadership and staff, as well as an advisory team composed of representatives from hospital administration, county public health services, CHNA stakeholders, and community members.

Community input or contributions to this community benefit plan included interviews with 10 key informants, 29 focus group discussions with 291 diverse community residents, and data analyses of over 100 indicators, creating a robust picture of the issues affecting people’s health where they live, work, and play. These individuals included representatives from local governmental and public health agencies, community-based organizations, and leaders, representatives, or members of underserved, low-income, and racial/ethnic populations. Additionally, where applicable, other individuals with expertise on local health needs were consulted. The hospital plans to continue the momentum that these focus groups and surveys have garnered.

The programs and initiatives described here were selected on the basis of social determinants of health framework and examined San Joaquin County’s social, environmental, and economic conditions that impact health in addition to exploring factors related to diseases, clinical care, and physical health. Analysis of this broad range of contributing factors resulted in identification of the top health needs for the County.

Programs and initiatives selected to address identified needs were based on the following criteria:

- Existing program resulting in impactful outcomes
- Evidence-based or promising practice
- Possibility in addressing health disparities and the social determinants of health

- Probability of impacting health equity and cultural disparities
- Alignment with current county-wide collaborative efforts

Community Health Core Strategies

Driven by a commitment to equity and social justice, we envision a future where health and well-being are attainable by all regardless of background or circumstance.

The hospital believes that program activities to help address significant community health needs should reflect a strategic use of resources and engagement of participants both inside and outside of the health care delivery system.

CommonSpirit Health has established three core strategies for community health improvement activities. These strategies help to ensure that program activities overall address strategic aims while meeting locally-identified needs.

- Extend the care continuum by aligning and integrating clinical and community-based interventions.
- Strengthen community capacity to achieve equitable health and well-being.
- Implement and sustain evidence-based health improvement program initiatives.

Report and Plan by Health Need

The tables below present strategies and program activities the hospital has delivered or intends to deliver to help address significant health needs identified in the community health needs assessment.

They are organized by health need and include statements of strategy and program impact, and any collaboration with other organizations in our community.

 Health Need: Mental Health			
Strategy or Program	Summary Description	Active FY22	Planned FY23
Community Health Improvement Grants Program	<p>The following programs awarded funding in 2023 from January 1, 2023 through December 31, 2023 and are addressing mental health:</p> <ul style="list-style-type: none"> Boys & Girls Club at Sierra Vista Trust for Public Land. St. Mary’s Community Services <p>The following programs awarded funding in 2024 from January 1, 2024 through December 31, 2024 and are addressing mental health:</p> <ul style="list-style-type: none"> Trust for Public Land St. Mary’s Community Services Asian Pacific Self Development And Residential Association (APSARA) San Joaquin Community Foundation Inc 	☒	☒
Community Benefit Operations and Programs	In partnership with St. Joseph’s Medical Center Community Health department, and in collaboration with other mental health experts and service providers, the hospital will deploy programs as possible to address community needs.	☒	☒
Graduate Medical Education (GME)	In collaboration with St. Joseph’s Medical Center GME program, Dignity Health is committed to workforce development, and SJBHC supports the growing future medical providers in San Joaquin County.	☒	☒

	<ul style="list-style-type: none"> Psychiatry: 7 new residents each year x4 years (started 06/2021). Increasing to 10 residents per year as of 06/2024 		
Support Groups and Aftercare Services	St. Joseph's Behavioral Health Center sponsors support groups and free aftercare groups that support those in the community living with a new or continuing life-affecting diagnosis.	☒	☒
San Joaquin Mental Health Consortium	Membership in this consortium supports sharing mental health resources and best practices.	☒	☒
Connected Community Network (CNN)	This network was created to provide the general population with access to resources and programs offered through various community based organizations (CBOs). Many of these CBOs provide vital services that help people address a variety of needs, including but not limited to: affordable housing; maternal, infant, and child health; chronic disease management programs, healthy food, and mental health and substance abuse counseling.	☒	☒

Goal and Impact: Overall, these strategies will focus on prevention and early intervention of identifying and responding to mental health issues. There are additional programs and strategies listed in other areas of this report that are also anticipated to impact mental and behavioral health needs.

Collaborators: Cross-sector collaboration is planned for all of the programs listed in order to ensure efficiency of services, leveraging of resources, avoidance of duplication, and to ensure sustainability. Community grant partners are listed above. After care partners include, but are not limited to; NAMI, Nurses in Recovery; Women in Recovery; Alcoholic and Narcotics Anonymous. The CCN network of partners is too lengthy to list, but is a robust collaboration of both health and social service providers.

 Health Need: Access to Care			
Strategy or Program	Summary Description	Active FY22	Planned FY23
Community Health Improvement Grants Program	<p>The following programs awarded funding in 2023 for January 1, 2023 through December 31, 2023 and are addressing access to care:</p> <ul style="list-style-type: none"> St. Mary's Community Services <p>The following programs awarded funding in 2024 from January 1, 2024 through December 31, 2024 and are addressing mental health:</p> <ul style="list-style-type: none"> St. Mary's Community Services 	☒	☒

	<ul style="list-style-type: none"> Asian Pacific Self Development And Residential Association (APSARA) San Joaquin Community Foundation Inc 		
Graduate Medical Education (GME)	<p>In collaboration with St. Joseph’s Medical Center GME program, Dignity Health is committed to workforce development, and SJMC is a leader in growing future medical providers in San Joaquin County.</p> <ul style="list-style-type: none"> Psychiatry: 7 new residents each year x4 years (started 06/2021). Increasing to 10 residents per year as of 06/2024 	☒	☒

Goal and Impact: Overall, these programs will increase referrals and linkages to medical appointments and deliver equitable and culturally sensitive health care services for at risk individuals.

Collaborators: Program partners are noted in the respective program summaries above.

 Health Need: Family and Social Support			
Strategy or Program	Summary Description	Active FY22	Planned FY23
Support Groups and Aftercare Services	<ul style="list-style-type: none"> St. Joseph’s Behavioral Health Center sponsors support groups and free aftercare groups that support those in the community living with a new or continuing life-affecting diagnosis. 	☒	☒
Connected Community Network (CNN)	This network connects families and individuals to health and social services to improve overall health and wellbeing.	☒	☒

Goal and Impact: Overall, these programs will increase referrals and linkages to medical appointments and deliver equitable and culturally sensitive health care services for at risk individuals.

Collaborators: Program partners are noted in the respective program summaries above.

Community Health Improvement Grants Program

One important way the hospital helps to address community health needs is by awarding financial grants to non-profit organizations working together to improve health status and quality of life. Grant funds are used to deliver services and strengthen service systems, to improve the health and well-being of vulnerable and underserved populations related to CHNA priorities.

In FY24, the hospital awarded the grants below totaling \$334,922. The figures below represent grant awards that the hospital made in conjunction with St. Joseph's Medical Center. Some projects also may be described elsewhere in this report.

Grant Recipient	Project Name	Health Needs Addressed	Amount
Asian Pacific Self Development And Residential Association (APSARA)	Community Health Improvement Grants	<ul style="list-style-type: none"> • Mental Health • Access to Care • Community Safety • Family & Social Support • Education 	\$65,000
San Joaquin Community Foundation	San Joaquin Pathways Community HUB	<ul style="list-style-type: none"> • Mental Health • Access to Care • Income & Employment • Housing • Community Safety • Family & Social Support 	\$25,000
Second Harvest of the Greater Valley	Second Harvest of the Greater Valley, Fresh Food 4 Kids	<ul style="list-style-type: none"> • Chronic Disease/Healthy Eating and Living (HEAL) 	\$100,000
St. Mary's Community Services	Health Ambassadors Pilot - Year 2	<ul style="list-style-type: none"> • Mental Health • Access to Care • Income & Employment • Housing • Community Safety • Family & Social Support 	\$50,000
Trust for Public Land	Increasing Park Equity in Stockton	<ul style="list-style-type: none"> • Mental Health • Community Safety 	\$94,922

Program Highlights

The following pages describe a sampling of programs and initiatives listed above in additional detail, illustrating the work undertaken to help address significant community health needs.

 In-Kind Support of Community Organizations for Support Groups	
Significant Health Needs Addressed	<ul style="list-style-type: none"> • Mental Health • Access to Care • Family and Social Support
Program Description	Provide meeting space to local community based organizations for the gathering of support groups for the broader community with substance use and/or mental health problems.
Population Served	Broader Community
Program Goal / Anticipated Impact	To promote wellness and maximize remission rates for previous patients, and the community at large, by providing ongoing meeting space for sessions.
FY 2024 Report	
Activities Summary	Served a total of 1246 persons in the following support meetings: <ul style="list-style-type: none"> • Nurses in Recovery Meetings • Women in Recovery Meetings • Alcoholics Anonymous Meetings • Narcotics Anonymous Meetings • Cocaine Anonymous Meetings • Fremont Fellowship Meetings
Performance / Impact	Continue to assess the needs in the community and develop new groups as needed
Hospital's Contribution / Program Expense	Total expense for all programs was \$10,739, which is 100% supported by St. Joseph's Behavioral Health Center's Operational Budget.
FY 2025 Plan	
Program Goal / Anticipated Impact	Continue to assess the needs in the community and develop new groups as needed.
Planned Activities	Same as noted in the FY 2024 Report section of this digest.

Support Groups

Significant Health Needs Addressed	<ul style="list-style-type: none"> ● Mental Health ● Access to Care ● Family and Social Support
Program Description	Provide aftercare programs to former patients to address social, psychological, or emotional issues related to specific diagnoses or occurrences that represent a community need, for patients, families and the community.
Population Served	Previously admitted patients.
Program Goal / Anticipated Impact	To promote wellness and maximize admission rates for previous patients. Increase the number of patients in the support groups.
FY 2024 Report	
Activities Summary	<p>Served a total of 764 persons in the following aftercare groups:</p> <ul style="list-style-type: none"> ● NAMI provides weekly support groups and education for inpatients. ● Music Therapist provides several hours of music therapy for patients both inpatient and outpatient. Music therapy is funded through blended funding sources. ● Partnered with Public Health Advocates, Little Manilla, Amelia Adams, CAPC, and El Concilio on Maternal Mental Health Listening Sessions. ● Collaboration with St. Mary's Community Services to offer education and information about St Joseph's mental health and substance use treatment services to those persons experiencing homelessness.
Performance / Impact	Continue to assess the needs in the community and develop new groups as needed
Hospital's Contribution / Program Expense	Total expense for all programs was \$66,513, which is 100% supported by St. Joseph's Behavioral Health Center's Operational Budget.
FY 2025 Plan	
Program Goal / Anticipated Impact	Continue to assess the needs in the community and develop new groups as needed.
Planned Activities	Same as noted in the FY 2024 Report section of this digest.

Other Programs and Non-Quantifiable Benefits

The hospital delivers community programs, services and non-quantifiable benefits in addition to those described elsewhere in this report. Like those programs and initiatives, the ones below are a reflection of the hospital's mission and its commitment to improving community health and well-being.

St. Joseph's Behavioral Health Center serves an important role in improving the mental health of the community through working collaboratively with community partners, providing leadership and advocacy, carefully managing resources, assisting with local capacity building and participating in community-wide health planning. The hospital also serves a vital role by participating in the Steering Committee for the county's CHNA. The leadership role is especially important in San Joaquin County where individual and community resources are very limited.

This hospital has dedicated leadership to work closely with other healthcare providers, community based organizations and individuals to develop and share resources. The resultant information sharing is an on-going process that provides opportunity for forming partnerships and maximizing existing resources. The Community Benefit Report and Plan is completed and reviewed annually, and presented to the Board of Managers for their review and approval. Key information is presented at the Managers Meeting. Input for the Implementation Plan and selection of interventions comes from the Healthier Community Coalition.

Economic Value of Community Benefit

The economic value of all community benefit is reported at cost. Patient financial assistance (charity care) reported here is as reported to the Department of Health Care Access and Information in Hospital Annual Financial Disclosure Reports, as required by Assembly Bill 204. The community benefit of financial assistance, Medicaid, other means-tested programs and Medicare is calculated using a cost-to-charge ratio to determine costs, minus revenue received for providing that care. Other net community benefit expenses are calculated using a cost accounting methodology. Restricted offsetting revenue for a given activity, where applicable, is subtracted from total expenses to determine net benefit in dollars.

	<u>Persons</u>	<u>Expense</u>	<u>Offsetting Revenue</u>	<u>Net Benefit</u>	<u>% of Expenses</u>
<u>Benefits for Poor</u>					
Financial Assistance	65	\$299,429	\$0	\$299,429	1.1%
Medicaid	161	\$2,356,683	\$1,839,568	\$517,115	2.0%
Community Services					
A - Community Health Improvement Services	1,187	\$47,894	\$3,965	\$43,929	0.2%
E - Cash and In-Kind Contributions	1	\$10,771	\$0	\$10,771	0.0%
G - Community Benefit Operations		\$34,640	\$0	\$34,640	0.1%
Totals for Community Services	1,188	\$93,305	\$3,965	\$89,340	0.3%
Totals for Benefits for Poor	1,414	\$2,749,417	\$1,843,533	\$905,884	3.4%
<u>Benefits for Broader Community</u>					
Community Services					
A - Community Health Improvement Services	1,944	\$132,175	\$28,806	\$103,369	0.4%
B - Health Professions Education	115	\$792,857	\$267,243	\$525,614	2.0%
C - Subsidized Health Services	2,156	\$561,304	\$0	\$561,304	2.1%
E - Cash and In-Kind Contributions	825	\$14,811	\$0	\$14,811	0.1%
Totals for Community Services	5,040	\$1,501,147	\$296,049	\$1,205,098	4.6%
Totals for Broader Community	5,040	\$1,501,147	\$296,049	\$1,205,098	4.6%
Totals - Community Benefit	6,454	\$4,250,564	\$2,139,582	\$2,110,982	8.0%
Medicare	493	\$4,351,084	\$4,510,460	\$0	0.0%
Totals Including Medicare	6,947	\$8,601,648	\$6,650,042	\$2,110,982	8.0%

**Consistent with IRS instructions and CHA guidance, Medicare is reported at \$0 net benefit because offsetting revenue was greater than expense in FY24.
