Dignity Health Las Vegas Market  
President and President & CEO of  
the Siena Hospital Campus

G. Rodney Buzzas, MD, MS-HQSM  
Chief Medical Officer

Calaiselvy Elumalai  
Interim Chief Nurse Executive

**Description:** Building on a foundation of seven decades of unparalleled care for the body, mind and spirit in Henderson and Las Vegas, the Dignity Health-St. Rose Dominican, Siena Campus - our ministry's flagship Nevada hospital - celebrated the 20<sup>th</sup> year of its healing mission in July 2020.

Constantly growing and expanding to meet the medical needs of the community, Siena recently completed relocation and expansion of its Pediatric Emergency Department, the only Pediatric ER facility in Henderson, Nevada's second largest city. The enhanced facility features nine dedicated Pediatric Emergency beds, separate Pediatric ER entrance, admitting waiting areas, and parking.

The Siena Campus achieved accreditation as a Center of Excellence in Robotic Surgery, recognized for providing the highest quality of care and patient safety by Surgical Review Corporation, an independent, not-for-profit, organization administering best-in-class accreditation programs. Siena was the first Nevada hospital to achieve Center of Excellence in Robotic Surgery accreditation.

In 2019 Siena added the Dignity Health Rehabilitation Hospital to its campus. The 60-bed, private room hospital offers the area's highest level of rehabilitation services for patients recovering from stroke, traumatic brain injury, amputation, neurological disorders, and spinal cord injury.

As Nevada's only not-for-profit, faith-based health system, Dignity Health-St. Rose Dominican has been guided by the vision and the values of the Adrian Dominican Sisters since 1947. For more than 75 years, as the Henderson and Las Vegas communities grow, the St. Rose Dominican health system and its nearly 4,000 employees continue the Sisters' healing mission of serving people in need.

### **Fast Facts:**

- Opened in July 2000, 326 Inpatient beds
- Level III Trauma Center, 47-bay Emergency Department with 4 trauma rooms
- Henderson's only Pediatric Emergency Room
- 26-bed Level III Neonatal Intensive Care Unit and 6-bed Pediatric Intensive Care Unit
- Southern Nevada's Children's Miracle Network hospital

- 16 surgical suites, 1 Hybrid Room, 2 CVOR Suites, 1 designated DaVinci Xi Robotic Room
- The Siena Campus was the first in Nevada to achieve accreditation as a Center of Excellence in Robotic Surgery, recognized for providing the highest quality of care and patient safety by Surgical Review Corporation, an independent, not-for-profit, organization that administers best-in-class accreditation programs for medical facilities and professionals.
- U.S. News & World Report, the global authority in hospital rankings and consumer advice, named Siena a High Performing hospital in its 2023-24 survey. Siena earned High Performing ratings for Heart Attack, Heart Failure, Kidney Failure, Knee Replacement and Stroke. High Performing is the highest award a hospital can earn in U.S. News' Best Hospitals Procedures & Conditions ratings. In recognition of care that was significantly better than the national average, as measured by factors such as patient outcomes.
- Joint Commission Certificate of Distinction for Joint Replacement Knee and Hip
- Siena was awarded Chest Pain Center Accreditation with Primary PCI by the American College of Cardiology, after rigorous onsite evaluation of the staff's ability to evaluate, diagnose and treat patients who may be experiencing a heart attack.
- Received the *2023 American Heart Association Get With The Guidelines® - Stroke Gold Plus Quality Achievement Award* and qualified for the *Type 2 Diabetes Honor Roll*. The award recognizes commitment and success in implementing a high standard of stroke care by ensuring that stroke patients receive treatment that meets nationally accepted, evidence-based standards.
- Received the *2023 Stroke Silver Plus with Elite Honor Roll Achievement Award* and the *Mission: Lifeline® STEMI Receiving Silver Plus Award* from American Heart Association and American Stroke Association for commitment and success in implementing high standard stroke care based on patient outcomes.
